

Early's 2023 Texas Midwest Community Network (TMCN) is soliciting your support for this year's project, headed by students Reese Estess & Aryn Lesley, an abstract sundial monument called "Time to Shine." TMCN Leadership Program is a collaborative and impactful opportunity for these juniors in high school to work alongside mentors and teachers, to carry out a long-lasting unique, and original project in their community. This project will include customizable bricks, purchased by people, on the interior of the sundial.

You may individualize a brick for you, your family, honor a loved one, or make a memoriam. The donated bricks will become a part of the abstract sundial monument located in the City of Early's new Town Center.

It's easy to get started! Read on for details about how to take advantage of this exceptional program that allows your family to become a permanent part of this historical area in Early.

Brick Details: The bricks are 4" x 8" x 2 1/4" and are engraved using state-of-the-art laser technology.
